

SPECIFICATIONS

T BOND 1100

Is a high performance, polymer-modified and fiber-reinforced, cement based adhesive and base coat for thermal insulation boards. It is ideal for bonding all types of thermal insulation panels to cementitious substrates. The product can be applied on insulation boards with reinforcing fiberglass mesh, forming an ideal substrate for the subsequent coat of render.

TECHNICAL DATA

Product identity

Consistency: powder
Color: white or grey
Bulk density (kg/m³): 1200
Dry solids content (%): 100
Maximum grain size: 0.4 mm
Classification: EN 998-1
